DEDICATION

IN DEDICATING THIS YEARBOOK TO MRS. CAROL LATHERS, we recognize one of the greatest individuals to our class has been associated with. From her interpretations of the simplest short story to her interesting portrayals of the Shakespearean character, she has shown her originality and diversity. Through her uniqueness of expression, she has entertained and yet educated many students, even the Class of '74.

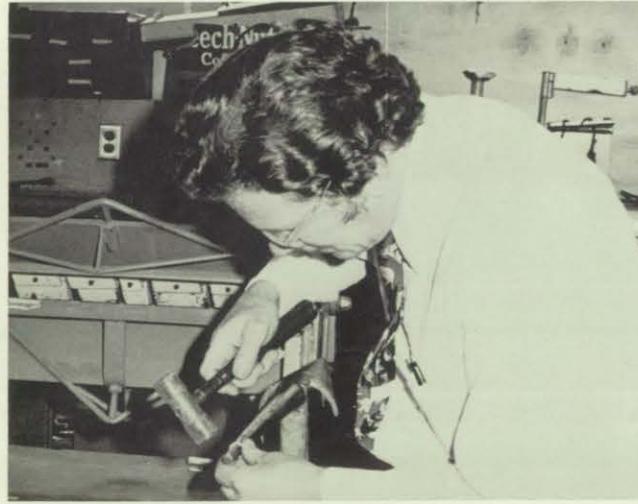

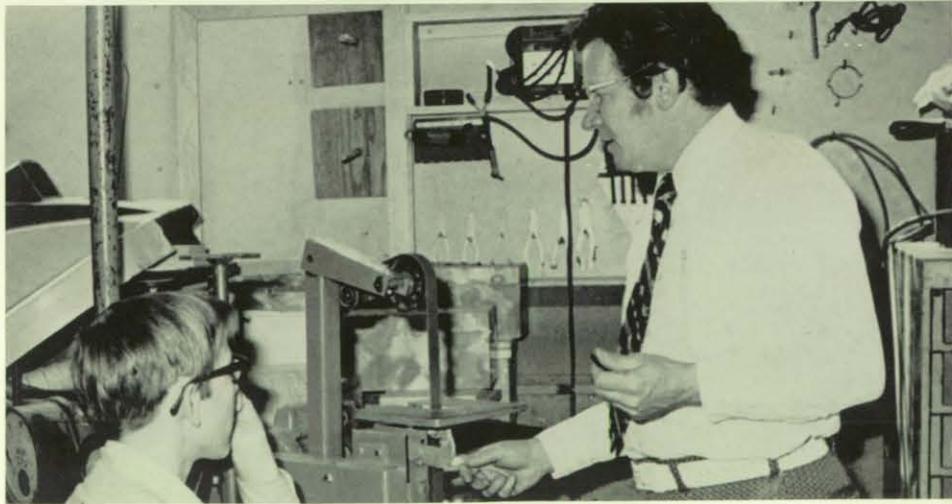

SPECIAL APPRECIATION

Mr. Brian Mazza and Mr. Harold Lunde have both played an important part in helping us with our class activities. One of Mr. Lunde's many contributions was starting the tradition of the Spaghetti Supper. Mr. Lunde, class advisor during Freshman and Sophomore years, has always been willing to help us with all various problems, and has been a main factor in the success of our projects.

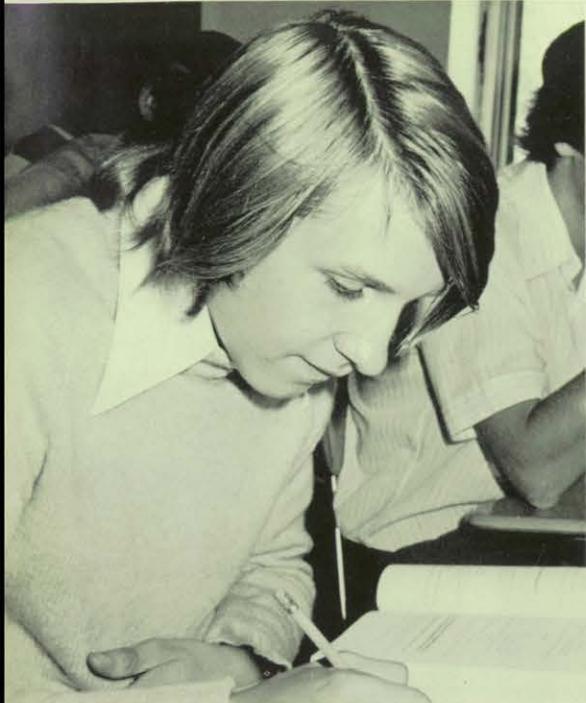

Mr. Mazza has been indispensable to our class as advisor during our Junior and Senior years. By giving freely of his time and patience, he helped make our Junior Prom a success. Mr. Mazza has played an important part in our class activities and in our individual goals. We would like to thank these two fine men for their devotion to the class of '74.

ADMINISTRATION

To the Class of 1974:

Congratulations on achieving this milestone. The future will hold, for each of you, challenges and rewards.

I urge you to work diligently as you pursue life's goals, always attempting to do your best.

Hopefully, these efforts will lead to happiness and success.

My best wishes to you,

Thomas Mickle
District President

Thomas Mickle

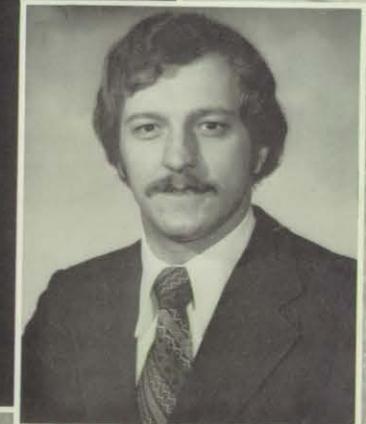

To the Class of 1974:

As you begin your life in earnest, for most of you the first time on your own, I wish you nothing but the best in whatever you undertake. Your career at Canajoharie High School, as brief as it may have been, has attempted to prepare you for this future. Although my contact with you has been brief, indeed, I have had time to see great potential in your class. My only misgivings are that I could not have worked with you for a longer time. As you face life you face many difficult and far-reaching decisions. I can only hope at this point, that your four years at Canajoharie High School has helped move you towards a level which will make the process easier and results most beneficial for you.

I know that Canajoharie is a better community because you have been here. Continue to strive toward that goal wherever and whatever you might undertake in the future.

Best of Luck,
Fred Zamperetti

High School Principal

EXCHANGE STUDENTS

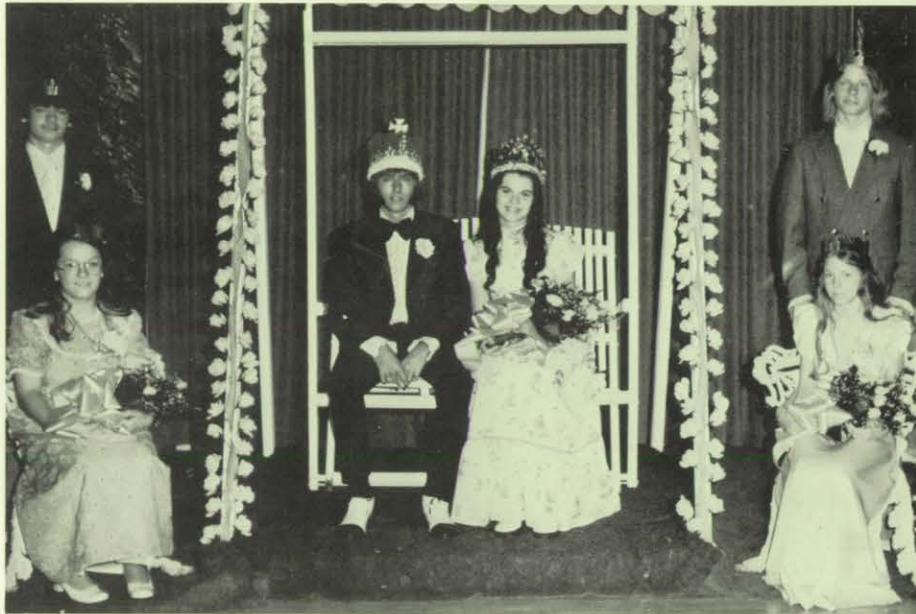

Jannie Olsen, our outgoing exchange student from Copenhagen, Denmark, has been a welcome addition to our class. Jannie, staying with the Bellinger family, has been active in many class functions. She will always be remembered as the ever-smiling, ever-talkative "Foghorn."

Audrey Peterson, representing our class as foreign exchange student in Turkey, brought to us many amusing and fascinating stories. From her

accounts of "Turkish toilets," to "Turkish love," Audrey brought back to us a part of Turkey.

The year of 1973-74, marked a new role for the student council. With newly elected officers, representatives, new additions to the faculty and administration, the student council found it necessary to realign itself, to update constitutional laws and re-establish communication channels.

Council representatives learned that a student council organization is only as strong as its members, which puts the primary responsibility of effective legislation and action in the hands of those council members and future candidates who have courage enough to say and do what they believe is good and right for our school.

The purpose of the Safety Squad is to promote safety in the school and community by example, teaching, and supervision.

KARATE CLUB

Basically, Karate is a form of self-defense that utilizes various parts of the body to block and strike. Karate is also practical as an exercise and as a sport. And, despite what certain movies would have you believe, there are no "tricks" or "mystical secrets" involved. Like any other physical discipline, Karate is built primarily on practice and hard work.

The International Relations Club is devoted to the development of an understanding of international affairs among the students in our school.

This organization also works closely with the local chapter of the American Field Service which serves as the sponsor for exchange students during the school year and the summer.

LIBRARY CLUB

The club's purpose is to learn about the library and its function in the school, to work in the library materials. We have meeting every two weeks and many of the girls devote free periods to help out in the library. We've had a book fair, a calendar sale, and a party so far this year, and have hosted a district meeting of library club officers.

The primary aim of the Future Farmers is the development of agricultural leadership, cooperation and citizenship. Mr. Keller has developed competent, aggressive, rural, and agricultural leadership in the boys at Canajoharie.

The Canajoharie Targeteers, affiliated with the National Rifle Association, develops safety, patience, and responsibility in its members. The members also grow in skill and accuracy as they gain shooting progress in tournaments against stiff competition. This past spring, our girls' team placed first in the 1973 NRA Junior sectionals held in Albany.

We of organized labor not only strive to improve the lot of our own members but we also strive to serve the needs of the people of our nation. In Washington, D.C., and in Albany, we constitute a genuine people's lobby, working to secure social and economic legislation that will benefit all the people, young and old, workers and students.

In our local communities we support, through united effort, the social, educational, character building and charitable voluntary agencies which also serve the people's needs.

The men and women of the Bakery and Confectionary Worker's Local 697 in your community wish you success in your endeavors.
